SUMMARY

B.Sc. IT graduate with expertise in JavaScript and hands-on experience in developing responsive, user-friendly web applications using the MERN stack. Skilled in building full-stack solutions with a focus on clean design, performance, and timely delivery. Actively seeking full-time opportunities anywhere in Kerala.

TECHNICAL SKILLS

Language : JavaScript

Databases : MongoDB, MySQL

Backend : Node.js, Express.js

Tools : Git, GitHub, VS code, Postman

Frontend & Stylings : React.js, Bootstrap, Tailwind CSS, CSS3, HTML5

PROJECTS

Gym Management System

[Live Link](#)

- Developed a Gym Management System using the MERN stack, featuring role-based access for admins, trainers, and members, with functionalities like membership management, workout planning, attendance tracking, and Razorpay-integrated payments.
- Stack: **MongoDB, Express.js, React.js, Node.js, Redux, Tailwind CSS, Razorpay, JWT Authentication, Chart.js**

Media Player App

[Github](#)

- Built a web app with video upload/delete features, category management, and watch history tracking.
- Stack: **React.js, Json Server, Bootstrap, Axios**

EXPERIENCE

MEARN Stack Developer Intern

July 2024 - January 2025

Luminar Technolab, Kochi, Kerala

- Developed and maintained dynamic web applications using the MEARN stack (**MongoDB, Express.js, Angular, React.js, Node.js**).
- Built RESTful API endpoints to ensure smooth communication between frontend and backend systems and implemented efficient data handling.
- Gained hands-on experience in full-stack development through project-based training.
- Received A+ certification from Luminar Technolab and NACTET (Govt. recognized)

EDUCATION

BSc in Information Technology
